ACRYLIC REQUINTE LIQUID RUBBER

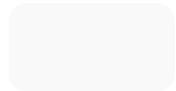

Premium Collection

*DUE TO DIGITAL MEDIA, COLORS MAY VARY SLIGHTLY.

ACRYLIC REQUINTE LIQUID RUBBER

It is an elastic paint that inhibits the reemergence of cracks (fine cracks up to 0.3 mm), thereby preventing water infiltration from rain, sea spray, dew, or even washing on exterior walls. Its satin finish and substantial thickness provide exceptional protection against the proliferation of mold and algae, as well as the impacts of sunlight and other environmental conditions. This paint is particularly well-suited for exterior applications on plaster and acrylic filler surfaces.
